## Weekly Commodity Review

Courtesy of Wayne Hummer & Co. of Chicago

### Corn

During the later part of the week there was a decided change in the entire character of the market, the most apparent effect of which was the complete loss of the premium for December over May contracts, the close tonight showing 1/2 cent discount. Further consideration of the terms of this year's government loan apparently brought increasing dissatisfaction, as there were reports of organized efforts to have these conditions changed and more important marketwise, more general expression on the part of farmers of intention to market their corn when 50 cents or more was obtainable west of the Mississippi river. While there has only a small increase in primary movement or country bookings, the belief that an increasing quantity of free corn would be available this season, has taken the edge off of the demand, and premiums have slipped considerably on all except the driest grades. Another factor in the loss of confidence, has been the continued heavy marketing of hogs at the very start of what would normally be the heavy feeding season, and the emphasis on the bearish situation which exists in Argentina. The government of that country ordered trading in corn futures suspended, and are reported as offering grain to exporters at 28 1/2 cents, f. o. b. vessels, which had cost them 36 cents in the country. The fact that Canada was inquiring for some of this Argentine corn, indicates that the small export outlet in that direction will probably be closed to us this season.

### Oats

For the first time since early in September, a definite weak tone developed in this market as realizing sales by an extended long interest, found an inadequate demand. Advances from the heavy producing sections of central Illinois, reported some change in the attitude of farmers, as cash prices had reached a point where they were higher, pound for pound, than corn, and therefore feeding of oats was relatively less profitable. The cash market has reflected this situation, and the premium of No. 2 Whites has declined to 1 cent over December. The visible supply continues to decrease however, and now totals only 5,667,000 bushels, compared with 12,627,000 bushels a year ago.

### Soy Beans

The general trend has been lower, moderate rallies meeting increasing offerings from commission houses, processors and professional traders, and there has apparently been some weakening in the attitude of country holders, as receipts during the latter part of the week showed some increase as prices declined, and there were also moderate purchases booked to arrive. Deliveries of 185,000 bushels on December contracts on the first notice day, were apparently well taken, as they have not re-appeared, and the December went to a premium of 5 cents over May at one time, although later reduced to about 3 cents. There is still a substantial open interest outstanding in December contracts, but the sales are believed to largely represent stocks on hand. The increase of 50,000 bushels in the visible supply, compared with an increase of 565,000 bushels last year, and the total, 1,190,000 bushels, compares with 6,242,000 bushels.

## Rules for Sealing 1940 Corn Under AAA Released by Lee County Official

Rules for regulating the sealing of 1940 corn under the United States Department of Agriculture conservation program have just been issued from the offices of Secretary J. M. Keay of Lee county.

They are as follows:

1940 ear corn can be sealed December 1, 1940 to September 30, 1941. 1940 shelled corn can be sealed July 1, 1941 to September 30, 1941.

The farm upon which the corn was produced must NOT have exceeded the 1940 corn acreage allotment set for that farm.

The crib in which the corn is stored must be in good condition and be at least (12) inches off the ground. The crib must be boarded or wired so that no corn can be removed without a forcible entry. The corn must be leveled off so that an accurate measurement can be made. Be sure that corn is leveled off and crib is boarded or wired to the roof before sealer arrives. If this is not done the sealer has instructions not to seal the corn.

The borrower must make application at the county office, Amboy, Illinois. The sealing charge is one cent per bushel on the number of bushels sealed and will be deducted from your check by the bank.

The corn must be insured until November 1, 1942. The insurance now on the corn, if any will NOT do. A certain "Certificate of Insurance" is required by the Commodity Credit Corporation. The borrower must pay for this insurance.

Corn in a crib eight feet wide must grade No. 3 and contain not more than 15% per cent moisture. Corn in a crib seven feet wide must grade No. 3 and contain not more than 20% per cent moisture. If the crib is wider than eight feet the moisture content must be lower. All corn must grade No. 3 or better.

A deduction of two per cent from the total number of bushels will be made from each point of moisture above 15% per cent.

The names of all persons and corporations which have a lien on the corn to be used as collateral for the loan must be listed. Cash rent is an automatic lien. Land-

almost sensational proportions, carried prices for butter futures to new high levels for over three years, and although profit taking sales brought about fresh sharp reactions, the close is not far from the high point. An insistent demand for spots was the dominating influence, with the cold wave a stimulating factor, and although production showed an increase of nearly 2 percent over the previous week and 6.6 percent over last year, spot prices advanced more rapidly than futures, with 93 score reaching 36 cents. Enthusiasm was modified to some extent at the close of the week, by prospects of rainy and much warmer weather, and a report by the Agricultural Marketing Service that Argentine butter has been offered for delivery in January at 30 1/2, for finest salt of New York city.

After advancing over 2 1/2 cents from last Friday, close to new high levels for over two years, egg futures broke very sharply on Thursday and Friday, and practically the entire advance was eliminated. The spot market led the way both up and down, fresh graded extra firsts selling at 32 1/2 cents on Tuesday, and back to 28 cents on Friday. There was an active demand for reserve goods and outmovement from ten markets is about 85,000 cases heavier than a year ago, following an excess of about 127,000 cases out of the 35 markets during the preceding week. Collections reported at midwest markets showed a reduction of 16.2 percent from the previous week, as compared with the corresponding week a year ago.

## D. H. S. Chapter

By WARREN SCHULTZ, Reporter

The first annual parent and son banquet was held in the high school cafeteria November 30. Ninety-nine parents, Future Farmers and guests were present to enjoy the evening. The food was furnished by the parents and prepared by Miss Clela White and her home economics class.

The principal address of the evening was given by L. W. Miller, former county superintendent of schools. Principal B. J. Frazer, County Superintendent of Schools J. A. Torrens and Superintendent A. H. Lancaster added interest with their words of appreciation.

The banquet meal is to be furnished in the same way next year as the majority of the parents favor such an arrangement. The menu served this year was: creamed chicken, mashed potatoes, buttered peas, scalloped corn, biscuits, tea rolls, pie and whipped cream, pickles, coffee and Waldorf salad.

About thirty-two boys and fathers attended the International Livestock Exposition at Chicago last Saturday. Other places of interest were the parking house and the horse show in the afternoon.

chance of having to take less in the end that you could have got in the first place.

The Secretary of Agriculture pointed out recently that you might be able to fix prices, but that you couldn't force people to buy at those prices. We know that.

When we're on the consuming instead of the producing end, we don't have to buy oranges, for example, if we think they are too expensive. Suppose orange growers "held out" for a certain price and you could buy apples for 15 cents less. You wouldn't have to buy the oranges. You could—and probably would—buy apples.

We can't forget that people buying what we produce have the same privilege. If turkeys were 15 cents a pound more than ham, people could—and probably would—buy ham. And what good would that do turkey growers?

When "The Old Poultryman" says it costs almost 25 cents a pound to produce turkeys, I don't think he gives growers the credit they deserve. The good managers—in the Middle West at least—are producing turkeys for 10 to 12 cents a pound. They've showed me their records. They are proud of the job they're doing. And so am I!

Sincerely yours,

*Frank Prieb*

## Mrs. Walgreen Gives Award in Horticultural Contest for 4-H Clubbers

Mrs. Charles R. Walgreen, Dixon and Chicago horticultural enthusiast, awarded a 17-jewel gold watch to Jim Cummings, 15, of Dix, Ill. for outstanding achievements in home ground beautification in a recent contest. Young Cummings won over eight other central state 4-H champions and an all-expense trip to the Club Congress. The boy completed a landscape plan for the yard, a small nursery, an evergreen windbreak, a rose garden and a one-acre park. He planted 75 roses, 200 shrubs and 145 trees. Mrs. Walgreen also provided the prize trip for the winner.

Most of the American importations of vanguard come from Peru and Rhodesia.

## Abnormal Weather Blamed for Low Dairy Averages

The Ogle County Dairy Herd Improvement association average for November was 566 pounds of milk and 21.8 pounds of fat with 507 cows on test from 30 herds. One hundred nineteen of the 507 cows on test were dry. Seventeen unprofitable cows were sold to the butcher. Sixty-five cows each produced over 40 pounds of fat apiece for the month.

The five high herds were as follows:

Getzenaner Farm, owners, 22 R. H. breed, 988 average milk, 35.5 production fat, four dry cows. Clarence Raymeyer, owner, 14 G. & R. H. breed, 974 average milk, 34.5 production fat, two dry cows. Grover Thomas, owner, 14 G. & R. H. breed, 803 average milk, 30.7 production fat, two dry cows. Lee M. Gentry, owner, 36 R. H. breed, 770 average milk, 28.2 production fat, six dry cows. Ward & Brown, owners, 22 R. H. breed, 891 average milk, 28.0 production fat, five dry cows. All cows were milked twice daily.

The five high cows were as follows and were all milked twice a day:

Getzenaner Farm, owners, R. H. breed, 1725 average milk, 69.0 production fat. J. W. Henninway, owner, R. H. breed, 1698 average milk, 67.9 production fat.

Grover Thomas, owner, R. H. breed, 1653 average milk, 67.8 production fat.

Richard Magee, owner, R. H. breed, 1653 average milk, 64.5 production fat.

Forreston Gillespie, owner, R. H. breed, 1497 average milk, 64.4 production fat.

Due to the abnormal weather conditions and the large percentage of dry cows, the association as well as individuals here have made a very low average but Willis H. Turner, tester, thinks brighter days are ahead as the cows are starting to freshen and are getting more accustomed to being kept in the barn and to dry feed as well. The month of December is starting off with a considerable higher key.

Holsteins should be fed about one pound of grain to every four pounds of milk produced, according to Mr. Turner. Guernseys, Jerseys and Brown Swiss should have a pound of grain for every three pounds of milk.

## Ohio Future Farmers Win Prizes at Annual Livestock Exposition

The Ohio Future Farmers won four prizes on four entries in their initial showing at the International Livestock and Grain Exposition which was held Nov. 30 to Dec. 7.

Everett Enbom won third in the open class on his late oats and sixth on his ten ears of corn in the junior corn show. Francis Snodgrass won fourth on his ten ear sample in the junior show. Cliff Brown won twelfth on his ten ears in the open class.

Thirteen of the Ohio agriculture students spent Wednesday and Thursday visiting the exposition and points of interest in Chicago.

### OPEN VERDICT

Benton, Ill. —(AP)—An open verdict was returned yesterday by a coroner's jury investigating the collision of a Chicago & Eastern Illinois train and a truck in which six PA workers were killed. The accident occurred at a crossing near the Benton city limits last Tuesday.

## Dixon Future Farmer Tells of His Successful Sheep Raising Project

By CHARLES A. SMITH

My project consists of two aged ewes which I had on hand and one yearling ewe which I raised during last year's project. I bought two more aged ewes by trading my two yearling rams from last year's project with Frank Brown, manager of Reynoldswood Farms. Later I bought a ram from Otto Berlage of Stockton for \$25 to mate my four aged ewes, but not the yearling ewe because I intended to show her at the Vocational Fair, where she took first place last year.

I fed my sheep a feed ration of oats and corn along with soybean hay. But I did not continue with the same kind of feed when I turned them out in pasture. I fed them corn with pasture and little hay because I was short of oats.

In March the three ewes dropped four lambs and only raised two which consists of one ram lamb and one ewe lamb. I had the lambs on full feed of ground corn ram.

I still have all my sheep on hand. The summary of my project is: My total feed bill was \$40.74; man labor \$.75, and self labor \$9.86. My total income from the project was \$150.00, \$15 of which came from the sale of wool and \$135 from my increase in inventory. Next spring I will have 5 ewes to lamb, a yearling ewe, a yearling ram and one aged ram.

## Contour Farmer Proves Benefit In Ogle County

Contour strips of corn on the Robert Lacher farm, Ogle county farmer, yielded 75 bushels of corn per acre, according to a statement by Mr. Lacher. "I believe that planting my corn in contour strips increased my yield because it held more moisture and also prevented the topsoil from washing away," Robert stated. "I believe this contour farming is the thing to do," he continued.

Harry E. Davis, a neighbor of Mr. Lacher made a similar statement about his corn that was planted on the contour. "My contour striped corn is yielding 70 bushels per acre," Harry said. "I am satisfied that my contour rows held more water than straight rows would have," he continued.

These two farmers voiced the opinion of these farmers who tried soil conservation methods as recommended by the Soil Conservation Service. Other farmers who are interested in trying those methods should contact the Farm Bureau office or the soil conservation service at the CCC camp.

## Royal Cardinals Meet for Dinner

Peter Piper's dining room near Grand Detour, festively dressed for the holidays, was the destination last evening of Royal Cardinals, who were dining together there at 6:30 o'clock. Young men of the club were hosts, having been defeated in a recent salesmanship contest for a benefit movie sponsored by the group.

All of the members and several prospective members, 33 in all, circled the candlelit tables. Miss Betty Moran, Miss Eileen Bracken, and Larry Dougherty composed the dinner committee.

While the guests were still seated at the tables, a short talk was made by Lyle Snader, who leaves soon for Washington, D. C. to begin his new duties as secretary to Congressman Leo Allen. At the close of his remarks, during which he expressed appreciation for his Royal Cardinal membership, the group agreed to extend an honorary membership in courtesy to him.

Profits from the movies were added to the club's fund to provide milk for underprivileged children in the Dixon grade school.

## Dixon Students to Sing in Coe Choir

Both Herbert and Hubert Auman, twin sons of Mr. and Mrs. Earl Auman of East Second street, will participate in a special Christmas vespers service to be presented by the Coe college music department Sunday afternoon in the T. M. Sinclair Memorial chapel at Cedar Rapids, Iowa.

Prof. Paul S. Ray, head of the department, will direct the program, which is scheduled for 4 o'clock.

About 200 Coe students will appear in the cappella and vesper choirs, and the orchestra. The Auman brothers are members of the vesper choir.

The program is to include Bach's Magnificat for full choirs and orchestra with soloists; "I Sing of a Maiden," to be sung by the cappella choir; and "The Three Carols," by Peter Warlock, a 20th century English composer who recalls the gay and whimsical spirit of folk carols.

## SUGAR GROVE P-T. A.

A scramble supper preceded the monthly meeting of the Sugar Grove Parent-Teacher association Thursday evening. Following the business meeting, Mrs. Maud Lawton, chairman of the entertainment committee, announced the evening's program.

Community singing, led by Helen Butterbaugh, was followed by a play by Darlene Swartz, Shirley and Elsie Grobe, and Marilyn Reed, vocal solo, Miss Marilyn Brink, accompanied by Mrs. Brink at the piano and by Mr. Montgomery, violinist; reading, Mrs. Elvin Drew; illustrated travel talk, Arnold Schultz; song, "God Bless America."

## Used Books Will Form Library for Company A Men

Dixon residents aren't so busy with Christmas shopping and plans for holiday merry-making that they are forgetting the men in Capt. Gus Wimpelberg's Company A, whose departure for Camp Peay has been set for early February.

Profits from this week's indoor carnival at the Dixon Armory are to establish a welfare fund for the men, and numerous clubs, organizations and individuals are busy devising additional means of making camp life more comfortable for the group. There is, for instance, a new project launched today for collecting books which will form the nucleus of a library at Camp Peay.

In appreciation of the constant interest of Captain Wimpelberg in Boy and Girl Scouting, the troop members have volunteered to sponsor the assembling of the books, which may be brought to the Reynolds Wire company booth at the Armory carnival any night this week. Those wishing to contribute to the project after this week may leave their books at the Girl Scout office, 95 1/2 Galena avenue, or may call Miss Kathryn Harrington (1478), or Ellis Bergeson (141), if they wish someone to call for the volumes.

There will be no shipping charges on the books, which will be transported to the camp with the men. All types of books,

ranging from travelogues and novels, to biographies, and technical volumes are wanted, and with nearly every home containing books no longer in use, it is believed there will be no lack of reading material for Company A at Camp Peay.

From the Farewell Address.

## Blows Begin to Tell

Judged at this distance, Europe's war has developed to a state where the British are staking heavily on a drive to knock Italy out of the picture, while the Germans are making a desperate effort to blast England into surrender by bombing cities and sinking ships.

That England had regained practically complete control of the Mediterranean could not be denied. Italian warships have been chased to cover and bombed in their own ports. Mussolini's air force hasn't been doing well at all. Italy has suffered all but a complete disaster in the attempted invasion of Greece. In fact, until Mussolini recovers and wins a series of battles he is only a nuisance in the war—a nuisance both to Hitler and Churchill.

If Hitler has caused the British much worry by bombing cities and sinking ships, so have the British hit Hitler in his weak spot, the other end of the axis. No one knows, except Hitler, how much de feuhner depended upon Mussolini to open things up for an African campaign. Africa was needed not only for purposes of bolstering morale in naziland, but also for its resources. The axis needs those resources just as gravely as England needs the ships and goods that fail to arrive. With the British in control of the Mediterranean and the Atlantic blockade almost airtight, with Stalin walking softly and doing nothing for his friend Adolf, Hitler is in a serious strategic position.

Depending upon the process of England's attempt to deliver a knockout blow to Italy, the next few days may easily see the axis on the defensive and beginning a long struggle—not to dominate the world, as was boasted, but to save itself from the prospect of complete defeat.

It is expected by some that Hitler will not permit complete defeat of Italy in the Greek campaign, but will step in at the psychological moment to play the hero. But the road down the Balkans into Greece always has been hard to travel. Tempera-

mentally, the blue Danube region is no waltz. Further, Hitler seems to feel that when Germany tries military domination of the Balkans—there is where Stalin gets into the fight.

## Canada Could Get Loans

It would be possible for the United States and Canada, acting jointly, to circumvent the Johnson act which now prevents the United States government from making loans directly to Great Britain.

At least that is the opinion of some observers, who foresee the necessity of loans to England—or else.

The argument is that under the Johnson act we can not, as a government, lend money to the government of Great Britain, which is in default on past loans. But Canada, which doesn't owe a war debt to the United States, could apply for a loan and get it. Then it could buy supplies for Great Britain.

There are two objections to the plan, from a British standpoint. First, it would be galling to the Churchill administration to have to borrow money from Canada, just as it would be a bitter pill for a father to be told by a merchant that his credit is no good, but his son's credit is excellent. It is even possible that the home government might become jealous, in time, of Canada's very fine credit. Second, even though we were to lend money to Canada, it is possible that we might ask some sort of guarantee that it would be repaid. A Congress continually having its attention called to the national debt, and to the fact that various countries once pledged their honor to repay some 12 billions still owed, is likely to insist upon adequate safeguards in the future.

In other words, Canada isn't going to borrow money in the United States with the intention of defaulting. Canada, if she borrows, will intend to repay, and will keep on intending. Canada could repay a certain amount—the sum to be determined by Canada's resources. One can imagine that Canada would be guided, in borrowing money from the United States to aid the mother country, by what the mother country can be expected to yield. These two factors complicate the business of getting money to England through Canada.

Judging by the past temper of Canadians they are willing to help England, but not to sell their country out to the United States for that purpose. They may be Canadian first, Britishers second, and Yankees never.

## Fairy Tail Come True

Fairy tales have a habit occasionally of coming true. In America they prove it is still the land of opportunity. Even as Napoleon said every one of his troops carried a marshal's baton in his knapsack, so it can be said every American boy carries with him the chance to achieve the heights. If you are skeptical, listen to this:

About 40 years ago a wealthy banker in Salt Lake City gave himself the pleasure of having as his guests at a Thanksgiving Day dinner the newsboys of the town.

After the meal, he made a little speech, saying he hoped from the bottom of his heart that some day one of the boys would be governor of Utah.

And on Thanksgiving Day, 1940, a governor-elect of Utah attended a dinner with today's newsboys of Salt Lake City. The hero of this fairy tale come true is Herbert B. Maw, the newsboy of four decades ago.

# NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc. Reproduction in whole or in part strictly prohibited.)

Washington, Dec. 9.—This government has frankly let the British know within the past ten days that direct American involvement in the war is out of the question.

The leading legal representative of His Majesty's government in New York held a three hour unrecorded conference with a ranking cabinet officer at which the international position of the United States was fully canvassed. On the phase of American fighting, the situation was outlined in the following apparently accurate way:

The waning congress is overwhelmingly against unveiling American guns; the one coming in January is even more so, according to advance polls. As only congress can declare war, this puts the idea completely aside.

The only thing likely to make the legislative branch change its mind is German violence to American rights or property. In view of cautious German policy in this respect so far such a prospect seems remote.

A personal unofficial report over the heads of censors in the Far East (it is of such a nature that it can be relied upon without reservation) pictures Japan's cause as thoroughly negged in.

The Chinese are trading "with hardly a stoopage" with the outside world. The only difference the Japanese blockade has made is that deliveries are slower, and graft must be paid the Japanese as well as the Chinese guerrillas. But the Japanese hold in China is so loose, the Chinese guerrillas have even taken the hinges off the city gates in Peking under the noses of the Japanese. When iron was needed for horseshoes. Many a Jan has been found wandering naked, or dead in dark alleys and outside the city walls.

As for the next Japanese objectives in British Singapore and the rich Dutch East Indies, the prospects are equally unimpressive.

The missing big British liners Queen Mary and Mauretania have been pouring Australian trained troops into Singapore. The ships brought 9,000 in August. These troops have been marched into Upper Malay near the Thailand border. Singapore itself is an armed camp.

From a military standpoint Thailand is about as formidable as Graustark. Its military men resemble Boy Scouts in both stature and training. The British could take them with swagger sticks, and even the Japanese might have little trouble.

But the Dutch—The Dutch are daily proving the old jungle representing them as exceedingly difficult to beat. They have the strictest censorship. All their Netherlands India is under martial law. Germans and representatives of some other nationalities, are in camps. All golf courses are marked with ditches and steel pylons to prevent the sudden landing of planes. Every visitor is searched right down to his skin. The Dutch are alert.

Belabored Japanese efforts to get vital oil, rubber and tin have run into characteristic Dutch trading instincts, fortified by the knowledge that Japan is now in the axis which has crushed the homeland. The Japanese have gotten lots of promising generalities from the Dutch—but no oil, no rubber, no tin.

These three indispensable products are bestirring just as much fuss in Washington as in the Far East and with the same results. Jesse Jones, as the loan administrator furnishing the money, has come to inner grips with the defense commission about methods of acquiring or storing each of the three commodities.

Construction of a tin smelter has been held up by a row over what kind of a smelter it is to be. The Jones group in REC wants a small and cheap one. The war department has been trying for two months to get a synthetic rubber project started involving construction of 10 plants. Their plan is that the price could be reduced within reason by such large scale operations and the plants could be built in a year and a half. The project has been held up in REC. Similar trouble is being encountered in acquiring gasoline through the corporation which REC has set up. The oil industry now has surplus idle capacity, so one faction believes large stocks need not be stored. The other faction predicts the idle capacity will be lost within 6 months and therefore purchases should be made now.

The result has been weeks of delay in acquiring strategic defense materials.

# Brothers, Former Amboy Residents, Taken in Custody

Wayne and Glen Bloyd, both former residents of Amboy, are being held in the county jail, the former on two charges, arising from an incident which occurred at the Hans Nelson farm in Bradford township last evening about 7:30 o'clock. The brothers were arrested at their home in Oregon at an early hour this morning by Sheriff Jim White of Ogle county, who immediately delivered them to Sheriff Gilbert Finch and Deputy L. E. Bates who brought them to the Lee county jail.

The Lee county officers were called to the Nelson farm last night to investigate reported actions of the Bloyd brothers and a third man, who has not been taken into custody. The Bloyds are being held on charges of disturbing the peace and Wayne is also charged with having committed an assault upon Mrs. Nelson, his mother-in-law.

Wayne and his wife have been separated for several days, according to the report at the sheriff's office today and Mrs. Bloyd had taken her children and gone to the home of her parents.

## Woman Badly Bruised

Last night, according to the sheriff's report, the Bloyd brothers and a third man, formerly of Dixon, went to the Nelson farm where the two brothers entered the house. Wayne is said to have picked up his three-year-old son, who was playing on the floor of the Nelson home, and placed him in a waiting car. Mrs. Nelson went to the yard to prevent the child being taken, and according to the story she told the sheriff, Wayne Bloyd in driving out of the yard, struck her and knocked her down, the car passing over her. Sheriff Finch stated today that Mrs. Nelson was badly bruised about the body.

The incident was reported to the sheriff's office and following the investigation, warrants were issued and Sheriff Finch and Deputy Bates went to Oregon at midnight, where they secured the assistance of Sheriff White, who accompanied them to the Bloyd home where the brothers were arrested.

### Local—

ELIZA M. (ANNIE) DREW (Contributed)

Annie M. Drew ("Aunt Annie"), as she was affectionately called by scores of friends) was born in Montezuma, New York, December 19, 1854, and fell asleep November 24, 1940, at the age of 85 years, 11 months and 5 days, at her home 912 N. Hennepin Ave., Dixon. She was the last of a family of six children born to Horace and Mary (Pease Vredenburg). When "Aunt Annie" was five years of age, the Vredenburg family came to Illinois and settled near Sterling. She was married to Storor Drew, a native of Maine, on December 9, 1875 at Sterling. They farmed the Drew homestead in Palmyra township for about thirty-five years.

To this union were born two daughters and five sons; one son, Leon, having died in fancy. Her husband passed away December 15, 1909. Left to mourn the loss of a very dear and faithful mother are Bessie Schrock of Ottawa, Lila Wagner, Earl W. Floyd P. Roscoe C. of Dixon and Avon L. of Tacoma, Washington; also nine grandchildren and four great-grandchildren, and several nieces and nephews.

Mrs. Drew was a faithful member of the Church of God for many years, and as long as her health would permit, loved to attend the little church and raise her clear soprano voice in praise of her Lord, whom she loved and whose teachings she followed. She was a charter member of the American Legion Auxiliary and to the last was intensely interested in this work and in her church.

Funeral services were held at the church November 26, 1940 and she was tenderly laid to rest in Oakwood cemetery. Rev. L. E. Conner and members of the American Legion Auxiliary officiating.

## Court Declines Delay In Death Sentence of Convicted Cop-Killer

Springfield, Ill., Dec. 10.—(AP) —The Illinois Supreme court today declined to reconsider its order setting aside the conviction and death sentence of Jerry Mangano for the slaying of a Chicago policeman.

At the October term the Supreme court reversed Mangano's conviction in Cook county Criminal court and ordered a new trial on the ground that improper testimony was offered at the first trial. Attorney General John E. Cassidy had petitioned for a rehearing.

The court also refused a rehearing of its previous decision upholding the constitutionality of the Johnson Act requiring three years' residence in the state before becoming eligible for relief.

Evansville, Ind., Dec. 10.—(AP) —Sgt. Melvin Kridler of the U. S. Marines recruiting station, putting on his overcoats as he crossed a street, raised one arm. Traffic came to a dead stop.

Kridler, pleased at playing policeman, went on across the street and waved the motorists on, grinning broadly.

For the annual "picnic of the states," a table one mile long was built along a tree-lined street in Ontario, Calif.

## Years Ago

(From Dixon Telegraph)

37 YEARS AGO

At a meeting of the Northern Illinois Synod today at the home of the Rev. J. G. M. Hursh, the Mary Shippert Lutheran Orphanage property at Nachusa was transferred to the synodical board. Dixon Council, No. 690, Knights of Columbus will meet in their new hall in the opera house Friday evening.

City Marshal Woodyatt today announced that the city ordinance providing for fine of \$20 for driving faster than a walk on the bridge would be enforced.

25 YEARS AGO

The annual Lee County's Farmers' Institute will be held next week with meetings at Harmon, Walton and Franklin Grove. Joseph Gehant of near Compton who recently disposed of his property plans to move to Dixon soon. J. B. Lennon, Mark Keller and Adolph Eichler have been appointed a committee to arrange for the celebration of the 75th anniversary of Friendship lodge, No. 7, A. F. & A. M.

10 YEARS AGO

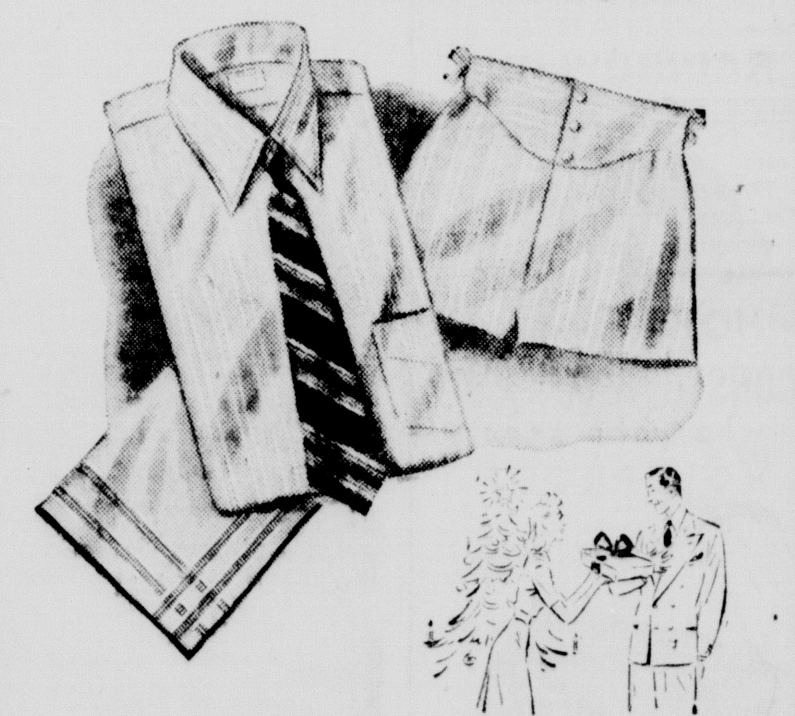

Local carpenters who have donated their services have completed the building of a temporary hangar at the Dixon municipal airport.

The Dixon and Amboy high school basketball teams will play a benefit doubleheader Friday evening, the proceeds to go to the Goodfellow fund.

## THE TRICK OF THE WEEK

Out of East Grove township comes a report of what must take honors as the neatest sports trick of the week. It is told down around Sublette that A. D. Albrecht and his son were cruising in the latter's plane last Wednesday not far above the tree tops. They spotted a wolf in the yard of the O'Neil school and Albrecht senior shot the animal. This is a case of a hunter getting an animal while on the wing—reversing the natural order. No report was made of any collection of a bounty at the Lee county clerk's office.

## DEAD-EYE DICK

Clarence Hill of the Dixon Rifle club was leading marksman of all the target-batters in the Rock River Valley League in the matches of last week end. Hill had a score of 295. Allyn of Rockford was second with 293 and his teammate, Meun, was third with 292. The Dixon club is now tied with Lena and Rockford in the nine-team circuit and undefeated in three matches. On Friday night they meet the tough Lena club there.

## REVISED AVERAGES

The City League bowlers have reached that part of their season where it has come time to revise their schedules using only their last games handicaps. According to the revision the boys of the league who roll tonight are paced by Cy Weinberger with a 188 average. Other high leggers are Schroeder and Hackett with 176 each, Joe Miller with 185, Smith with 180, Poole with 179 and Becker with 178.

## ALUMNI ATHLETES' BANQUET

Red Flanagan and Dick Reese head a committee to make arrangements for a banquet for alumni athletes soon after the holidays. Members of the football and basketball teams of the graduates are to be feted with the money left over in the treasury. Earl Nolan is president of the alumni association and has worked on the plans for the banquet.

## SHAPE OF THINGS TO COME

On Friday night the Dixon Dukes open their North Central conference schedule in a game here with Princeton high school. Thus far in the season the Tigers have won one and lost one. In the season opener Princeton trounced Wyand, 42 to 18, and on Saturday night they lost at Geneseo, 29 to 16. In the week end game Brown and C. Shipp each made four points for the Tigers. They led, 7 to 6, at the end of the first quarter but trailed, 13 to 10 at the half and were outscored in the remaining cantos.

## LIVING DANGEROUSLY

It's one thing to skate on thin, early-season ice, but it's still another to have someone shoot at the tin can with which you are playing hockey. Al Petit and Lewis Wilhelm report that some kid using a 20-gauge gun shot at the tin can as it bounded along about 12 feet in front of Wilhelm while they were skating up the river Sunday morning. One of the pair is reported to have read the riot act to the young shooters.

## WARNING TO LAND OWNERS

Deputy game and fish wardens issued warning today that land owners, who are permitted to trap on their own property without obtaining state licenses, must however tag each trap with tags which can be obtained from the conservation department in Springfield, 25 for 35 cents. Failure to have each trap tagged makes the owner liable to arrest and prosecution.

## VOLLEY BALL

Dixon business and professional men are planning a volley ball league to start after the holidays which will probably include two nights of games each week at the high school gymnasium. Men interested in playing are asked to call Harry Moore at The Telegraph offices.

## PRO FOOTBALL IN DIXON

It's too late to do much about it now, but Oscar Witzleb has an idea that pro football might "take" in Dixon and would like to start a team next season to play out-of-town independents. The new agitator recalls the success of the Dixon Redskins (no relation at all to those from Washington) who played here in the "good old days." Such an idea seems to be a good one and is likely to get active support by the time the next autumn rolls around.

## Bears Have First Call on Football's Top-Flight Men

Washington, Dec. 10—(AP)—

The Chicago Bears, who staged one surprise with their 73-0 massacre of the Washington Redskins last Sunday, pulled another today by bobbing up with first call on the services of Tommy Harmon and "Jarrin" John Kimbrough in the annual draft of the nation's top-flight collegiate football players.

Deals made a year ago put the champion Chicago club in a position to take two picks before any of the nine other teams in the national Professional football league gets a single selection from the list of some 400 eligibles. The draft will wind up the league's two-day meeting.

Disclosure that the Bears would have first call today on the two most sought backs in the 1940 draft followed adoption of a new league rule last night to prevent any future by a championship team.

The new rule, effective with the 1941 draft, prohibits any team

from trading or selling its first or second choice draftees for one year without the consent of all other team owners, and retains the present regulation which puts the team finishing first in the regular season last in selection privileges.

## Bears Have Edge

Trades previously made with the tail-end Philadelphia Eagles and the last division Pittsburgh Steelers—who changed ownership at yesterday's meeting—gave the Bears the edge in today's draft. George Halas, owner of the Bears, declined to state who his choices would be, but expressed the opinion both Harmon, of Michigan, and Kimbrough, of Texas A. & M., would be valuable additions to any team.

Following the Eagles, Steelers and Chicago Cardinals on the priority list are the Cleveland Rams, Detroit Lions, New York Giants, Green Bay Packers, Brooklyn Dodgers, Chicago Bears and Washington Redskins.

Each team may select 20 players from the list of 400 before the meeting, with the five lower-ranking teams getting two choices to one for the first four rounds of drawing. Players chosen may not negotiate with any team in the league except the one that drafted them.

## FIGHTS LAST NIGHT

Illinois Second Draft Quota About 4,500 Men

Springfield, Ill., Dec. 10—(AP)—Col. Clay M. Donner, assistant Illinois Adjutant General, said today the state's second draft quota had tentatively been placed at 4,500 to 4,700 men.

The second group of draftees will be mustered into federal service starting January 3, Donner said. Illinois' first quota was 825 draftees, inducted during November.

Donner said a final and official draft quota figure for Illinois probably would be announced within the next two days by the war department.

## TWO TEAMS SET PACE IN LADIES' BOWLING LEAGUE

Amanda Smith Sets New High Game Record With 222 Score

The Rainbow Inn bowlers were still sky high following the storm in the Ladies League at the Dixon Recreation last night, but they were not alone. The Budweiser Gardens quintet won three straight games and shot into a tie for the lead.

The Rainbow lassies dropped two games to the Lakeshire Marty team. E. Owens rolled 499 to pace the winners and Legore counted 493 for the losers.

As the Gardens team swept the series with the Moose Ladies, Harwood was top kegler for the winners with 415. Hackbarth led the losers with 386.

Dr. Bend's Team Wins Three. Dr. Bend's team won three games from the Frazier Roofing team with Slaats counting 408 for the winners and Bradley rolling 364 for the losers.

Kathryn Beard's team dropped two games to Amboy Royal Blue, but one member of the quintet—Amanda Smith—set a new high game record with 222 in her first. She paced her club with a 489 series. Ross led the winners with 413.

Bon Ton won two games from Ray Carson's Service as P. Carson counted 452 for the winners and Neff rolled the same for the losers.

Buicks won two games from the Soda Grill to put the losers in a tie for fourth place with Dr. Bend's quintet. Courtwright counted 440 to lead the winners and Stevens' 413 was tops for the grill girls.

High games last night included those of: Miller 190; Neff 182; Smith 222; E. Owens 148.

# G.R.V.C. Tourney Opens at Lee Tomorrow Night

Midwest Basketball Stars

Midwest basketball followers will see a lot of these star players this season. Bob Inney, left, captain Purdue from a forward position; Paul Armstrong, center, is Indiana forward who was one of Big Ten's high scorers as junior last season; George Sebek, right, should be standout for Notre Dame when he recovers from practice injury keeping him out of opening games.

## Alice Marble Is Voted Leading Woman in Sports

New York, Dec. 10—(AP)—Mr. Harmon, meet the new champion, Miss Alice Marble of California and New York.

Yesterday it looked as if Tom Harmon had won a pretty decisive triumph in being named No. 1 male athlete of the year in The Associated Press poll. But the Harmon landslide shrinks to a small pebble rolling down a small hill compared with today's vote for Miss Marble as outstanding woman competitor of 1940.

Seventy-two sports experts throughout the country took part in the voting. All but seven put the tennis queen, also the winner in 1939, at the head of the list. She got 65 first-place votes, 17 seconds and three thirds (this total of 77 votes being explained by the fact that several ballots gave her first, second and third place, and 216 points).

Just as she stood so far above the amateur tennis field that she finished so far ahead in the point standing there hardly was a second. This doubtful distinction, in any event, was won by cheerful Betty Jameson of San Antonio, Tex., who got four firsts and 86 points for the quite considerable feat of winning the U. S. women's golf title for the second year in a row.

## Others Named

With points awarded on a 3-2-1 basis, only five others got more than three points. They were Marjorie Gestring, Los Angeles diving star, 31 without a first-place vote; Patty Berg, Minneapolis golf ace, who, like Miss Marble, turned pro this year, one first and 23 points; Babe Didrikson-Zaharias, Western Open golf winner, two and 15; Lorraine Fisher of New York, swimming, none and 4.

Among the minor point winners were Mrs. Sonja Henie Topping, who hasn't been a competitive athlete for several years, but invariably gets a mention; Jacqueline Cochrane, whose nomination thus brings aviation under the heading of sports; Katherine Dewey, whose Lake Placid (N. Y.) bobsled team beat a men's combine for the National A. A. U. title last winter, and Hazel Walker Crutcher of Little Rock, Ark., who made the A. A. U. All-American women's basketball team for the 11th straight year and won the national free throw title for the ninth time in 10 years.

## DORAZIO WINS BOUT LAST NIGHT; TO MEET JOE LOUIS

Philadelphia, Dec. 10—(AP)—The doubtful pleasure of a mid-winter meeting with Joe Louis belonged today to Gus Dorazio who hastened to assure the world that "no one can half scare me to death."

The heavyweight Philadelphia battler took a unanimous 10-round verdict from Herbie Katz of Brooklyn last night.

Promoter Herman Taylor has tentatively lined up a title bout for February in Convention Hall, with Dorazio in the challenger spot.

"You can bet I won't be a Baer or a Levinsky or a Paycheck," declared the Latin, who dropped a decision this fall to Arturo Godoy, twice a Louis victim.

## Neighborhood to Be Alive Tonight With Cage Games

GAMES TONIGHT

Oregon at Mt. Carroll.  
Mendota at Earlville.  
Morrison at Amboy.  
Stillman Valley at Ashton.  
Belvidere at Harlem.  
Rock Falls at Sterling.

Tuesday pages in a sports editor's date book are becoming as full of scribbled assignments as those of the week ends and again tonight there are at least half a dozen important neighborhood games.

Oregon, twice winner in the two opening games of the season, goes to Mt. Carroll tonight hoping that the third time also is a charm. The Hawks, defending champions of the Rock River conference, defeated West Rockford Saturday on the heels of an earlier victory over Stillman Valley. All this is a matter of tuning up for the big conference show which opens for the Hawks this week end in a home game on Friday night with Amboy.

Mendota, once beaten by Earlville this season, meets the foe again tonight this time on the opponents' court. In an earlier meeting the Earlville five won, 43 to 35, and the stinging has not yet left the cheek of the North Central conference quintet. In the three games played thus far, Mendota has lost to Earlville and DePaul and won only from Amboy.

## Conference Opener

As the first game of the new Rock River conference season, the Welltmen of Amboy will be hosts tonight to the cagers from Morrison. It will be the second game of the season for Morrison which bowed last week to Prophetstown, 26 to 21. Amboy has defeated Steward and Lee Center and lost only to Mendota.

In a Route 72 conference game, the Ashton leaders will be hosts tonight to Stillman Valley as the Aces seek their fourth straight win. The Valley club has won one and lost one in the conference race.

Belvidere, undefeated in three pre-conference games, goes to Rockford tonight to play Harlem high school. The Boone county warriors will be hosts to Mendota Friday night in the conference opener.

An intercity rivalry will be renewed tonight at Sterling where Coach Curtis Brandau's boys entertain the Rock Falls Rockets. In the only game played thus far Rock Falls nosed out Prophetstown in an overtime game, 31 to 29. Sterling has routed Clinton, Ia., and Galesburg for a clean slate to date.

## WHIZZER No. 2

Boulder, Colo.—Leo Stasica, All-Elec. Seven halfback from Rockford, Ill. was the first Colorado University griddler to win a conference scoring title since Whizzer White topped all competitors in 1937. Stasica scored 60 points compared with White's 122.

## Sports Roundup

By EDDIE BRIETZ

New York, Dec. 10—(AP)—If it's a fair question, what is the story behind the way the Chicago Bears poured it on Sunday? . . . Banks M'Fadden is telling the home folks down in South Carolina that he won't be back with the Brooklyn footballers next year . . . Jack Dempsey's refereeing tour of the west netted him \$20,000 for six weeks' work . . . Another of those famous Notre Dame-Minnesota football series is on the fire.

## RUMOR FOUNDRY

There are whispers Sid Luckman is dissatisfied at Chicago and would welcome a trade to the football Dodgers . . . Dr. George Hauser, Minnesota line coach, has been tipped to study the Ohio State situation on the possibility that he may be offered the head coach's job there "some day" . . . If Doc Prothro hadn't gone back to the Phils, the Little Rock Travelers were all set to offer him a five-digit salary to go back and pull them out of the red again . . . None of these guaranteed.

## HONORABLE MENTION

All the deserving lads couldn't be squeezed on Prof. Barker's little All-America, of course, but here's a backfield we think could go places . . . Fox, Miami (Fla.) U., to call signals . . . Bumpus, Springfield (Mo.) Teachers, for blocking . . . Blood, Amherst, in case Bumpus doesn't get 'em all . . . Carrier, Wesleyan, for obvious reasons.

## HEADLINE HEADLINER

The New York Post captioned a picture of the Custer massacre dated at Washington Sunday as follows: "The Redskins Are Truly a Vanishing Race."

## SPORTS COCKTAIL

Chicago reports Phil K. Weigley (who wanted to step down) will get himself re-elected president of the Cubs again, after all . . . Charley Miller, famous Maine

## FRANKLIN GROVE TO SHARE SCENES OF ANNUAL EVENT

Ashton Meets Lee In First Game; Compton Lee Center Clash

GAMES TOMORROW NIGHT  
Ashton vs. Lee  
Compton vs. Lee Center.

Six high school basketball teams, all from Lee county with the exception of one, will level off for the opening of the Green River Valley conference tournament tomorrow night at Lee.

In the first game the Ashton cagers will meet the hosts and in the nightcap Compton plays Lee Center. With an undefeated record thus far the Aces of Ashton have become only slight favorites to take tonight's game. The competition for the Aces tonight is no easy matter as they clash with a team which has won three of its five games in the new season.

Compton, victim of a trouncing by Lee (57 to 19) last week end, meets Lee Center which has fallen prey to Steward, Ashton and Malta.

Thursday night the tournament shifts to Franklin Grove for the second set of games. In the first tilt Thursday night, Paw Paw plays the host club and in the second Rollo, the only team from outside the county, meets Steward.

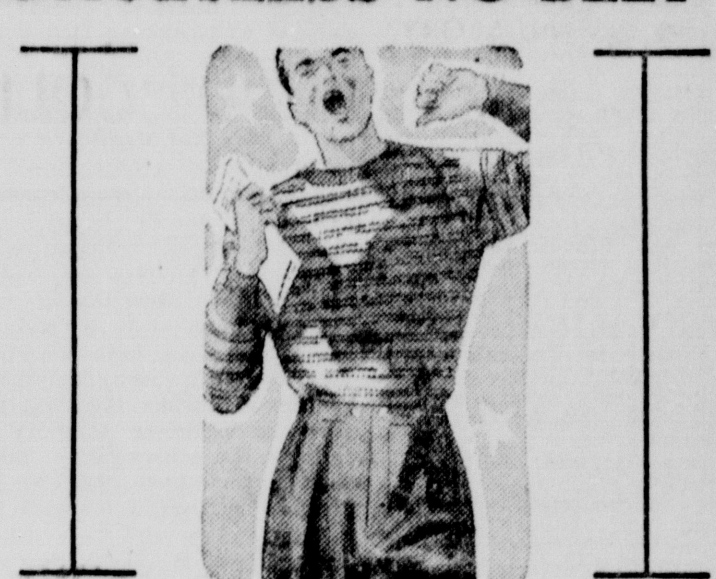

On Friday night the tournament goes back to Lee for the semifinals and back to Franklin Grove Saturday night for the windup.

Mrs. Jennette Duntion

Jennette Holdren was born on June 26, 1857, on a farm in Brooklyn township, south of Compton, Illinois. Her parents were John and Phoebe Derr Holdren. Into this home were born three brothers, William, Sherman, and Albert; and one sister, Eleanor. Of these Sherman alone survives.

She grew to womanhood in this community, and on November 25, 1876, she was united in marriage with Alonzo Davison. They made their home on a farm two miles south of Compton and a little east, and bore two children, Palmer and Grace.

Alonzo Davison passed away on August 15, 1885. After a farm sale Jennette Davison moved into Compton. In February, 1908, she was united in marriage with Granville Duntion, who lived about one year.

There were no children born to this second marriage. In 1915 she moved to Paw-Paw, where she lived for the remainder of her life except for the last thirty days, when she was taken to the home of her children in Waukegan. Here she passed away on December 1, 1940.

She was a member of the Paw Paw Rebekah lodge and at one time was a member of the Eastern Star. She helped in the work of the Methodist church during her ablest years. Her chief enjoyment was fancy work indoors and her garden flowers out of doors.

Jennette Holdren Duntion is survived by her brother, Sherman, of West Brooklyn, her son, Palmer, and Grace, (Mrs. Frank Davison), of Waukegan; nine grandchildren, sixteen great grandchildren, other nieces and nephews, and other relatives and many friends.

The services were held in her memory from the Torman funeral home in Paw Paw on Tuesday afternoon, December 3. The Rev. James H. Hagerty of the Paw Paw Methodist church officiated. Frank Nangle, accompanied by Mrs. G. B. Taber, sang "Abide With Me" and "Face to Face." The burial was made in the Malugin cemetery north of Compton.

Attend Grange Affairs

Mr. and Mrs. Charles Merriman and sons Lloyd and Merritt, Mr. and Mrs. Lyle Foster, Mr. and Mrs. Avery Merriman and Felix Granjean attended the big banquet sponsored by the Grange Insurance division. The very lovely affair was held in the Faust hotel in Rockford. Mr. and Mrs. Charles Merriman were sent to the Grange meeting as delegates from the Paw Paw chapter.

During this big Grange meeting the canning and balanced meal prizes will be given. Five cans of fruit and four balanced meals are at the meeting for final judging, representing the Paw Paw contribution. Prizes will be given Thursday.

Attend Meeting

Mrs. Ralph Potter, Mrs. Arthur Harper, Mrs. Della Smith, and Mrs. Blanche Roberts attended the Rebekahs Past Noble Grand club of District No. 8 on Saturday. The grand occasion was held at the Odd Fellows hall in Dixon. All enjoyed the lovely dinner and the meeting.

Honor Roll

Following are the students of Paw Paw high school having a grade average of B or above for the six weeks period just past:

Seniors—Betty Barton, Betty Krueger, Roger Tarr, Roberta Kimm, Jr. Brewer, Lois Tarr, Dorothy Buchanan, and Alice Locke. Juniors—Earl Tyreman and Kermit Knetsch. Sophomores—Maxine Spears, Helen Mead, Dorothy Bittner, Roberta Brewer, Florence Yenerich, and Audrey Simpson. Freshmen—Nora Knetsch, Roberta Tarr, Tom Boyle, James Rafferty, June Ed-Boyle, Marjorie Fosenkrans, Violet Safranek, and Carol Coss.

Election of Officers

On Friday evening, November 13, the order of the local Rebekahs will hold election of officers at the hall. The annual Christmas party will be held this evening and a 5:30 o'clock scramble supper will be served.

G. R. V. C. Tourney

Following is the complete schedule of the G. R. V. C. tournament which will be held on Wednesday through Saturday. Paw Paw is one of the favorites to capture the winner's cup. To date the locals have won two and lost two. The schedule:

Wednesday evening at the Lee gym—  
Lee vs. Ashton; 7:30 o'clock.  
Compton vs. Lee Center; 8:30 o'clock.

Thursday evening at Franklin Grove—  
Franklin Grove vs. Paw Paw; 7:30 o'clock.

Rollo vs. Steward; 8:30 o'clock.  
Friday evening at Lee—

The Church Under Caesar

Under the heading, "The Liquidation of Christianity," on November 14, we told of the danger which threatens the churches of America by reason of high taxes competing with church contributions, and low interest yields reducing endowment income. This column attracted so much comment and editorial discussion as to warrant a supplement.

I have just received a description of the church in Germany. As it was written by a Nazi propaganda bureau it may be assumed to state the case as favorably as possible to the Hitler regime.

Although Germany has published no budget in the last two or three years, it is believed that the government absorbs one-half at least of total national income by taxation, even when not at war.

This is redistributed to sustain its economy and enforce its will. "Whose bread I eat, his song I sing," Hitler maintains his iron discipline over German life as much by his control of the purse as by the sword, or secret police. It is performed and window dressed as the "socialization of income."

Hitler's power is not much different in principle, although worse in degree, than the power of corrupt political machines in American cities. The machine does not have to use the sword. Its control of the purse is enough. Everyone is put in fear of benefits withheld. The precincts that "vote right" get the favors on parks, playgrounds, streets, schools, etc. Re-read, if you will, Lincoln Steffens and Ida Tarbell.

"We must make our selection between economy and liberty or profusion and servitude," said Thomas Jefferson. The National Socialists at Washington claim that we can have a profligate government and free men, free schools and a free church. I have too much credit in their intelligence to believe that they believe what they say.

Point 24 of the National Socialist Party platform reads: "We demand the freedom of all religious denominations in the State insofar as they do not endanger its property or offend against the concepts of conduct and morality of the German people." This means exactly nothing. No one is free whose freedom is subject to be withdrawn by the arbitrary will of another man. He lives by favor and not by right. And with favor goes fawning.

In German the Constitution also many other relatives. Funeral services conducted by Rev. Robert A. Mulligan, pastor of the Ohio Methodist church were held at his late home on Monday afternoon with burial in Union cemetery.

Mr. and Mrs. George Allen of LaMoille and Mr. and Mrs. Ralph Allen of Princeton were dinner guests Sunday of Mr. and Mrs. Fred Allen.

Miss Lena Lane has returned from an extended visit with relatives in the state of Ohio.

Wm. H. Anderson, who has been ill for some time was taken to the Perry Memorial hospital in Princeton Saturday for treatment.

The Women's Society of Christian Service of the Methodist church will hold its December meeting in the church parlors on Thursday afternoon at 2 o'clock. An interesting program is being prepared by the committee selected for that purpose. At that time a box will be packed for the children of Pine Ridge, Kentucky. Each person is asked to bring a small gift or some used clothing to make a happier Christmas for our less fortunate friends. During the social hour there will be an exchange of 10-cent gifts. The hostesses will be Mesdames Anna Sisler, Irma Phillips, Orlyn Tucker, Hiram Erickson, Marie Shifflett, Mary Pittman and Mary Meyer.

stroyers to Great Britain. They never knew what hit them."

There is something here more important than propagandists praising themselves. It is that "We've never had an objective that wasn't approved in advance by the general staffs of the United States Army and Navy."

If this is true the American people ought to know it. If not true, a serious reflection has been made on men in whom the public ought to have complete confidence, because deserved. The implication is that Mr. White's committee has a grapevine to our general staffs, and that the latter are cooperating surreptitiously to bring pressure on congress. That is beyond the province of military men. It is their province to execute national policy, not formulate it. That is the function of Congress.

The charge should be aired. It is known that President Roosevelt at a press conference a few months ago suggested that an advertisement by the White committee deserved a wide reading. But since then, and especially in the last weeks of the campaign, Mr. Roosevelt gave some very solemn promises to the American people which appear now to be called in question.

For the White committee, on November 26th, three weeks after the election, issued a new statement of policy. They now ask if we "can afford to permit the British Commonwealth of Nations to be defeated . . . To the appeas-

ers, who argue that Britain and the United States (note the "and") could make a peace with an aggressor in control of his conquests, we reply that this world cannot live four-fifths slave and one-fifth free."

In short, it appears that Mr. White and his co-belligerents believe it our duty not only to save Britain and China from defeat but to push Germany back to her former frontiers, push Russia out of Finland, Latvia, etc. push Mussolini out of Ethiopia, and push Japan out of China.

This is a fair sized order. It will require considerable pushing. And as Britain is plainly not able to do all these chores herself, it appears that some people think there is no continent that should not be drenched with American blood. The likelihood that the attempt would destroy our democracy, bankrupt the nation and bring revolution to America, is apparently a small price to pay for forcing the whole world to be "free."

Next, the White committee advocates the repeal of the Johnson Act; the repeal of the neutrality act; unlimited loans to Britain and China; American merchant ships carrying munitions through blockaded waters, conveyed, perhaps, by our own war ships; the joint use by Britain and the United States of their naval bases in the Pacific; the joint management of the two fleets; all possible help to China that won't hurt Britain, and a state of national emergency

giving the president practically dictatorial powers over American industry, labor, agriculture, and transportation.

Heretofore, whatever the White committee has advocated has within a few weeks been done by the administration. Are they now attempting to speak for the administration? If so, it is plain, they do not believe Mr. Roosevelt meant what he said in the campaign. This is a reflection upon his personal and official honor, which seems to call for a statement directly from him.

No Magic Road to Prosperity, State Grange Meet Told  
Rockford, Ill., Dec. 10—(AP)—E. A. Eckert, Master of the Illinois State Grange, officially opened the 69th annual convention of the organization today by declaring in a prepared report that "there is no magic road to prosperity". "We need to restore balance between prices by raising those that are too low, and reducing those that are too high", he told about 150 official delegates and several hundred visitors. "Thrift, coupled with hard work and self-reliance are qualities that built America. "To a great extent this most estimable virtue is passing out of the picture, and an idea that the government will take care of its citizens without a sacrifice on the part of the individual is the thought of too many people. Before we can get back to normalcy we must practice the virtues that built this great nation. "The ratio of prices received by farmers to prices paid is 80, in-

Grace Evangelical church of Dixon at the home of Mrs. Ralph Schroeder in Dixon Monday night. Mr. and Mrs. W. E. McNutt and Mrs. W. E. West spent Monday afternoon with the latter's husband, W. E. West, who is convalescing from an attack of pneumonia at the Freeport hospital.

The Junior Auxiliary to the American Legion has cancelled the December meeting which was scheduled for tonight.

The members of the Mount Morris Legion post and Auxiliary members are planning a Christmas party for World War veterans at the Dixon state hospital on Tuesday evening, Dec. 17, according to an announcement made by Commander Frank Aufferbeck. A drive is being made among members for jellies and other foods and magazines which will be taken to the hospital for their disabled comrades.

Dr. George H. Conn, assistant state veterinarian of Freeport, will speak at the farmers' evening school tomorrow night when they meet at 7:30 in the high school agriculture room. Dr. Conn's subject will be "Making Use of Your Veterinarian". Farmers are invited to attend these meetings.

Twenty-five beautiful pines at the Pines state park have been blown down during the recent wind storms.

Mr. and Mrs. Wayne Wilson and family have moved to Crystal Lake where Wayne has accepted a position in a drug store. Mr. Wilson has been employed for several years at the Poultry Tribune.

The Salem Ladies' Aid will meet Thursday with Mrs. Fred Stull in Oregon. Mrs. Harry Davis, Mrs. John Brindle and Mrs. Albert Summers are recent new members of the group.

The Women's Society for Christian Service will meet at the Methodist church Wednesday. Mrs. Harold Ross and committee will serve the fellowship dinner at 6:00 p. m., which will be followed by the business meeting. Mrs. Clarence Palmer will be in charge of the program and Mrs. C. C. Weaver will lead the devotions.

### THE ARMY'S BUYING WAYS

Lemont, Ill.—We wish to lay before you facts pertaining to the procurement of supplies for our national defense.

Our company is the oldest manufacturer of aluminum cooking utensils in the world. We made and introduced the first aluminum cooking utensils that were ever offered for sale 48 years ago, since which time we have been successfully and continuously producing them in this place.

We have experience in making aluminum cooking utensils. We have a plant splendidly equipped for that purpose and our facilities are and have been at the disposal of the army and navy.

Being bred and born American citizens, the future of our country means a great deal to us and so anxious are we to serve and help that all our quotations to the army and navy have been upon a cost basis without a cent of profit.

Imagine how we feel, when quoting a price to the army quartermaster's department of 95 cents for an article, to have the order turned over to another bidder at \$1.075 each, because the army requested half by Jan. 31

and the other half by April 30, and our proposal, owing to our ability to get aluminum sheet and circles, was to deliver 80 per cent of the first half before Jan. 31 and the balance in approximately equal monthly shipments which would complete the total amount before April 30.

We cannot become reconciled to the fact that the amount we agreed to deliver was so close to what the army desired that they would spend \$2,300 in excess of the necessary amount to gain no material benefit. We agreed to deliver in addition to the 16,000, 10,000 in February, therefore, leaving no doubt as to our going right along with the order, and also the fact that the entire requirement would be delivered in the desired time.

The particular order in question is not solely the issue. We wonder how many more similar transactions are happening and who is paying for it; who is suffering? Surely business men in making their decisions take into consideration more than just a hard and fast rule that means little. If we were to run our business on that basis we would not have been here 48 years, neither would the Tribune have been in existence as long as it has been operating.

Our complaint is not a monetary one inasmuch as our proposal carried no profit to us, but if our facilities are of no benefit to our country in these times of national defense, why the hue and cry about an emergency?

We cannot make tanks, we cannot make battleships, we cannot make airplanes, but we can make and know how to make some things that the army desires and those are the things we want to make for the army and we are willing to let the army make the price if we can only break even.

ILLINOIS PURE ALUMINUM COMPANY,  
G. S. Walker, president.

### Ashton Youth Wins at Chicago Livestock Show

Ralph Fulton of Ashton was a first place winner at the International Livestock show held in Chicago. Young Fulton who has won many prizes with his Southdown sheep, received a blue ribbon for his western range feeding lambs in the open class. Last Thursday he marketed 80 head of lambs.

Making the trip to Chicago with Ralph was Mark Salzman, son of Mr. and Mrs. Adam Salzman of Nachusa, who entered a pen of three Southdown lambs in the junior division.

### MR. HENDERSON TO "SUCKERS"

Lake Orion, Mich., Dec. 4—Apparently Mr. Leon Henderson, economist and price fixer on the NDAC, subscribes to the Hopkins-Ickes-New Deal cynicism toward the citizenry. At any rate we are led to wonder just why he uses the appellation "sucker" to brand any one who would like to know the exact financial status of the United States of America.

Mr. Henderson, as a guest of "Information Please", remarked with a depreciative laugh and in the presence of some millions of listeners that he had forearmed himself with information concerning the national debt with the idea that some "sucker" (to quote his exact designation) might ask for this information.

We might be doing Mr. Henderson an injustice. It's possible that he meant to imply that we're suckers for having allowed a bunch of crackpots to run our national debt to 45 billions and create a deficit of 25 billions, in the face of a hostile world, without having produced a single gun or tank and without having made any attempt to provide facilities for making them.

In which case we are not only in agreement with Mr. Henderson, but also admire his fortitude.
